

## What Is Being Done?

Starting in mid-April, the Michigan Department of Transportation (MDOT) will replace the M-125 bridges over Little Sandy Creek and Sandy Creek in Frenchtown Township, Monroe County, and also construct a center left-turn lane on M-125 at Hurd Road. Work on the bridges will require traffic to be detoured throughout the 2006 construction season.

In addition to the bridge replacements, there will be safety upgrades including drainage improvements, water main and sanitary sewer relocations, and guardrail upgrades.

## When Will This Be Done?

Work will begin in mid-April 2006, with completion anticipated in early November 2006.

## How Will Traffic Be Affected?

Traffic will be detoured to US-24 (Telegraph Road) using Stewart Road in two stages:

*Stage one* (starting mid-April until late June): M-125 will be closed between Mall Road and Santure Road for 60 days in order to complete the work over Little Sandy Creek.

*Stage two* (starting after the Fourth of July holiday until early November): M-125 will be closed from north of LaSalle Road to 1,000 feet north of Hurd Road for 60 days in order to complete the work over Sandy Creek, and construct the center left-turn lane at Hurd Road. Through-traffic on Hurd Road will be maintained at all times.

Residents and other motorists will be able to access homes and businesses within the work zone at all times throughout this project.

## Long-term Benefits

Since 2003, MDOT's road and bridge program has improved more than 6,500 miles of state trunkline (M, U.S. and I routes) and 1,200 state highway bridges. MDOT is committed to preserving and improving Michigan's transportation system, growing Michigan's economy, and creating and retaining jobs. We protect Michigan families with safety measures that make roads safer for motorists and pedestrians alike.

## How Will We Keep Motorists Informed?

MDOT is committed to keeping you informed about current and future lane closures, detour routes, and project updates. Go to the MDOT Web site at [www.michigan.gov/mdot](http://www.michigan.gov/mdot) for lane closure information.
